CASE STUDY

Swarm Aqua® has been installed in:

Pontypool

This design and build company and repeat customer wanted to use Swarm Aqua® channels on this industrial estate in Wales.

The requirement was for a drainage solution that is both strong and will function efficiently at all times.

When delivery schedules are tight, Swarm Water Management work with you to ensure we do everything we can to help get site running as it should.

In this case, a quick delivery backed up with site visits and technical help ensured that Swarm Aqua® is now the only product that this customer will use.
