

CASE STUDY

Swarm Aqua® has been installed throughout the UK in a wide range of applications for a wide range of clients. We are proud to show exactly how good Swarm Aqua® channels look, which is why we love to show off quality installations like this one.

Swarm Aqua® channels need to be functional, discrete and installed quickly and efficiently, which is why this channel has been used outside this busy Costa Coffee.

Swarm Aqua® is available in a range of sizes from 100mm to 600mm wide with a loading capability up to F900kN. Suitable for any application and surface finish from a residential driveway through to a major distribution center.

Find out how using Swarm Aqua® can save you time and money, visit:
