

Swarm Aqua® has been installed:

with

Aggregate Industries
paving

CASE STUDY

Swarm Aqua® has been installed alongside paving supplied by our partners at Aggregate Industries. When looking to achieve a superior aesthetic finish in high end paved areas, Swarm Aqua® and paving by Aggregate Industries provide the perfect solution.

Designed for use in a range of surface finishes, Swarm Aqua® provides a robust and functional drainage system without compromising on the final appeal of the landscape.

Swarm Aqua® is available in a range of sizes from 100mm to 600mm wide with a loading capability up to F900kN. Suitable for any application and surface finish from a residential driveway through to a major distribution center.

Find out how using Swarm Aqua® can save you time and money, visit:
